Secretary of the Senate
232 Hart Senate Office Building
Washington, DC 20510

Dear Mr. Secretary:

Attached is an amendment to the Collins for Senator Committee's (C00314575) FEC report for 7/1/1999 to 12/31/1999. The amendment contains several contributions that were missed in the original report.

In addition, Mr. Matthew Kern forwarded the attached letter to me, and we discussed his recommendations today. We concluded that an amendment for the reasons he outlined was unnecessary at this time, but we will be careful to ensure we provide details on candidates in future reports. He was very helpful to me over the phone.
